## LEVI MYERS KILLED IN RUNAWAY ACCIDENT Aged Lincoln Farmer Thrown From Buggy When Horse Scared At Collision With Another Rig

The entire community was inexpressibly shocked by a runaway accident Sunday afternoon as a result of which the aged Mr. Levi Myers, one of the best known of the older citizens of the county, died at the home of his son, Mat Myers, du the Hustonville pike Tuesday. Mrs. Myers was badly bruised up when she was also thrown from the buggy in which the couple were riding, but it is not believed that her injuries will prove fatal, though quite serious.

Mr. and Mrs. Myers were returning from a visit to relatives in the West End, about three o'clock Sunday afternoon and it was near the pike tunnel under the Queen & Crescent tracks on the Hustonville road that the dreadful affair occurred. Mr. Jake Myers, son of the deceased was driving in front of his father and mother, when a rig, being driven by several young people of the West End, passed him. It is believed that the occupants of the buggy did not see the rig of the elder Mr. and Mrs. Myers, for, they turned into the roadway again after passing the first rig, and crashed full into the horse and vehicle being driven by the couple behind.

Mr. and Mrs. Myers were driving a young horse, which instantly bolted, and breaking the cross bar, overturned the buggy and hurled the occupants to the ground. Mr. Myers is believed to have been dragged for some distance as the horse ran. He was picked up in an unconscious condition and both he and Mrs. Myers were immediately taken to their home and physicians summoned.

An examination showed that several of Mr. Myers' ribs were broken, one of them puncturing a lung; and he was otherwise seriously injured. Mr. Myers was 87 years of age and had little strength to combat such serious injuries. After lingering until Tuesday, the Great Physician Himself took charge of his case and he passed over the river, freed from all suffering and woe.

Funeral services were conducted at the home of his son, Mat Myers, on Wednesday morning and were attended by a large number of friends and loved ones, for he was one of the best known farmers in the West End of the county and generally esteemed and beloved. The services were short and impressive, conducted by Rev. J. J. Dickey, of the Methodist church.

### A Friend's Tribute.

Lee F. Myers was born in Washington county, Ky., August 6th 1827. In early life he removed to Casey county where he married Miss Martha Brown Jan. 30, 1861. To them were born seven children who are all living as follows: Mrs. Annie E. Wilcher, Mrs. James Messer, Wm. E. Myers and Mat L. Myers, of Lincoln county, Mrs. James Devers, of Casey county, Sidney J. Myers, of Buchanan, Pulaski county and J. J. Myers of Garrard.

In 1893 Mr. Myers removed to Lincoln county where he resided until his death which occurred Aug. 29th 1911. Mr. Myers was a man of high principle. His word was as his bond. He enjoyed the confidence of his neighbors in a high degree. He was a good neighbor, a good citizen, an exceedingly kind husband, and father. His children were his wealth. For them he lived and labored. He took great pains to train them the habits of industry, integrity, to honesty, and neighborliness. Nor was his labor in vain. Their devotion to him was no less than his to them.

While Mr. Myers was not a professed Christian yet he had a profound respect for Christianity and supported the institutions of the church. He was hospitable and benevolent. In him the needy always found a friend. For several past winters the grip afflicted his life, but his remarkable vitality, conquered the disease and he lingered still to bless his children and friends.

Today we mingle our tears with that of those that loved him dearest and will miss him most. Especially do we sympathize with her who traveled with him so many years, over life's weary way and is now left to go alone, the remainder of the way. To those that mourn we offer the consolation of our holy religion. To his seven children, his 20 grand children and his three great grand children he has left a heritage of a good name and an honorable life.

## BIG BARN BURNS. And Will McCormack's Loss Is About \$2,800 With No Insurance

The large barn on the farm of Will McCormack, in the McCormack's church neighborhood burned down at midnight Monday night. The barn contained a large quantity of hay and was a total loss. The loss will amount to about \$2,800 which hits Mr. McCormack pretty hard, as he had no insurance on either the barn or its contents.

It is not known how the fire originated. The alarm was given in town when the great blaze was seen to the west, and Roy Stuart made a run with the hose reel, but soon found the fire was too far in the country for any assistance to be given.

You are always safe from any loss by fire when you have insurance with J. D. Wearan, the Insurance Man, of Stanford.

(Danville Advocate.)

Judge E. C. O'Rear, candidate for Governor, and Col. Tarlton, candidate for railroad commissioner, according to a Danville gentleman, attended the Harrodsburg Colored Fair Thursday afternoon and Judge O'Rear spoke to those present after being introduced by Joe Young, colored and one of the right-hand bowlers of Auditor Frank P. James. Judge O'Rear and Col. Tarlton did not let their presence be known to the white republicans, judging by outside indications, but slipped in and out, driving from Burgin and returning to that point to take the train. Our informant states that after Judge O'Rear had spoken some time all the negro voters except 19 had left the grandstand and many of them were riding on the Flying Dutchman. The actual count was made. Of the nineteen, six were old men and had fallen asleep under the soothing words of the candidate. The appearance of Judge O'Rear and Col. Tarlton at the fair under the conditions has caused wide comment.

## SPLENDID SESSION OF SUNDAY SCHOOL BODY

**Lincoln County Association Holds  
Great Meeting Here—Fine  
Reports and Papers Read**

The Lincoln county Sunday school association convened in the Christian church in Stanford at 7:30 P. M., Tuesday, the 28th. A fine audience greeted the speakers of the evening and the exercises were thrillingly interesting. Rev. D. M. Walker, the county president, presided. The county secretary, Mrs. J. J. Dickey had made strenuous efforts to awaken the interest and enlist the cooperation of the schools of the county. Circular letters were mailed to every superintendent in the county, urging the sending of delegates and reports to the meeting; also the contributions asked for the county, state and international work, of three cents for each pupil and 15 cents for each officer and teacher. The response to these calls was gratifying, compared with former years, but very far below the standard.

The program for the Tuesday evening session was carried out as follows: opening address by the president; solo by Miss Mary Morrison; Matheny; story of the San Francisco International convention told by Miss Pauline Hocker. Miss Hocker gave a vivid account of the trip from Louisville to San Francisco of the Kentucky delegation of forty; of the things they saw and did on the way. Her account of the stop-over Sunday at Salt Lake City was especially interesting. Arriving at San Francisco, the party was quartered at a splendid hotel, all arranged in advance. The convention met in a great building on most a square. The fact was revealed at the convention that unprecedented progress in Sunday school work had been made in the last three years. There was large increase everywhere. During the convention there was a march of 10,000 men through the city over four miles of streets, each man having an open Bible in his hand, loaned to them by the Gideons. Banners, mottoes and bands of music were abundant in the procession. The men sang as they marched. San Francisco was never before so stirred by anything religious. There are 14 heathen temples in San Francisco.

Miss Hocker spoke for about 45 minutes and held her audience in unbroken attention.

The program Wednesday was full of good things. After devotional services conducted by J. C. McClary committees were appointed on future work; time and place of next meeting; nominations and resolutions. Graded lessons were discussed by Miss Dolly McRoberts, Miss Margaret Hocker and Mrs. W. T. Tucker. How to make the Opening and Closing Exercises interesting was given by J. C. McClary and W. J. Vaughn. Rev. P. L. Bruce treated the subject very ably. Ways of Awakening and Maintaining Interest in Bible Study. Mr. Vaughn took up the subject Some Adolescent Difficulties. How to Overcome them. He said 52 out of every 100 boys are physical wrecks by the time they are 16 years old; hungry all the time wants to sleep 16 hours a day; he is having a physical struggle. The boy becomes bashful; the girl bold and daring; awakening year 13, depression; 14, second awakening at 16; rarely any conversions from 13 to 19. In the United States 75 per cent of Sunday school scholars are lost to the church in five out of every 100. The whole problem of the church is saving these in the teen-age.

At noon an elegant luncheon was served in the lecture room of the Christian church by Mrs. J. E. Paxton and her committee, furnished by the ladies of Stanford.

In the afternoon P. M. McRoberts opened the discussion on how to Secure the Attendance of the Children of the Sunday School at the Church Service. He put the responsibility on the parents, and referred to the good old times when father, mother and children occupied the same pew at the church every Sunday morning. If parents would take the same interest and exercise the same authority in having their children at Sunday school and church, the problem would be solved.

Rev. D. M. Walker, the president, gave a strong talk on Teaching Missions in the Sunday School. Mr. Vaughn gave an instance of a lady whose Sunday school class of girls was so influenced by her teaching that nearly half were led to be missionaries. Rev. J. J. Dickey took as the topic How to Train our Teachers and Officers. He said the first teacher-training class known was organized and taught by Rev. J. H. Vincent, in Joliet, Ill., in 1857. Dr. Vincent, now Bishop Vincent, made the first uniform lessons in the Sunday schools. He was the founder of the great Chautauques. Where teachers training classes can not be had, let the teacher purchase

books on teacher training and master them. People learn to teach as they learn other things, little by little, bunglingly and awkward at first. All we succeed by hard work. Time must be given to training, as to every important work; unless the teacher is willing to study, he will never succeed.

Perhaps the most startling address made was by W. J. Vaughn, the Bible in the Public Schools. He said in Germany there were three homicides to every million of population annually; in England 16; in Canada 12; in France 13 1-2; in Spain 52; in the United States 129. In all these countries the Bible was taught in the public schools except in the United States. He attributed the difference in these statistics to this fact. He said we have no Bible conscience and never will have until the Bible is taught in our public schools. He said divided Protestantism is to blame for the exclusion of the Bible from our schools.

P. M. McRoberts was elected president and Miss Pauline Hocker secretary-treasurer for next year. Rev. Walker and Mrs. Dickey declining to stand for re-election.

It was a great convention. Mr. Vaughn pronounced it one of the best he had ever attended. The music furnished by the church choir of Stanford and a children's choir, directed by Mrs. J. G. Carpenter and Miss Josephine Carpenter, who presided at the organ, was fine and added much to the interest of the occasion. To Rev. Walker and Mrs. Dickey, the outgoing officers, all say "Well done, good and faithful servants."

The report of the secretary-treasurer will appear in next issue, also the other county officers.

Wednesday night, the new President, Mr. McRoberts presided. He gave a fine inaugural address, pledging fidelity and asking the cooperation of all the schools of the county. Mr. V. abnegated the CoeW app.

Mr. Vaughn occupied the platform at the night session and gave marvellous accounts of the results of Sunday school work in certain counties in the mountains of Kentucky.

## SPLENDID INSTITUTE

**Being Held Here This Week By Lincoln County Teachers.**

The Lincoln county teachers' institute is being held in the graded school building this week with Prof. Ireland and Robinson as instructors. Eighty five teachers have been enrolled and most of them have been prompt and regular in attendance and seem to be doing everything possible to make this the most interesting institute ever held in Stanford.

The institute was called to order by Prof. Ireland, Monday and after devotional exercises conducted by Rev. Bruce, "the purpose of the institute" were discussed by Prof. J. W. Ireland, and Hon. K. S. Alcorn, delivered a splendid address.

Monday afternoon was spent in discussing "professional training," "the ideal teacher," and "the sturdy of children." Miss Kate Bogle, Prof. Ireland, Mr. Milton and Virgil McMullin, handled these subjects in a very able manner. The teachers also enjoyed the great pleasure of listening to Mr. Wm. Yancey Erwin, recite some of his original poems namely: "The shades of Daniel Boone," "Kentucky's Best" and "The Big Stick." Mrs. Erwin is also with him as sales woman for his worthy poems.

Tuesday morning Rev. J. J. Dickey of the M. E. church was kind enough to come up to the institute and give us a nice little talk on the use of the Bible in the public schools. Miss Claudia Eaton discussed "The transition of the student into the teacher."

The new course of study sent out by the state board of education was clearly explained by Prof. Ireland.

Mr. Harmon representing the Business University of Bowling Green, made an excellent practical talk on education and the benefits derived from a commercial course.

Prof. Harmon is a man of charming personality and has contributed much to the life of the institute by his efficient talks on spelling, reading and penmanship. The subject of reading, spelling writing, arithmetic and grammar have been explained by the members of the institute in a way that speaks for itself as to their qualification to teach them.

Mr. Harris, of Kentucky Children's Home Society also addressed the teachers. Tuesday, telling them of the conditions of the Kentucky Children's Home and Dec. 15th was set aside by the teachers as children's home day.

Mr. Vaughn the state Sunday school representative addressed the institute and gave the teachers an invitation, to attend the Sunday school convention being held at the Christian church this week.

Some other teachers who spoke before the institute are Cyrus McKinney, Miss Lois Willis, Miss Annie McKinney, Mrs. Phillips, Prof. Robinson, Miss Hopper and Mr. Wyatt.

They appear to be in dead earnest though they have not been able to convert anyone to their sanctification ideas as yet.

My backache left me and to one of my business expressmen, that alone is a great advantage. My kidneys acted free and normal, and that saved me a lot of misery.
